PROFILE

Data Analytics MSc candidate at the National College of Ireland with 2+ years' experience turning financial and commercial data into business decisions across banking and e-commerce. Skilled in Python, SQL, Power BI, R and Excel, with hands-on project work in machine learning, big-data pipelines and BI dashboards. First Class Honours (1:1 equivalent) in Electronics Engineering. Seeking a graduate Data Analyst or Business Analyst role in Ireland.

AVAILABILITY & VISA INFORMATION

Full-time from September 2026 · Currently Stamp 2; eligible for the Stamp 1G Graduate visa on completion of the MSc.

TECHNICAL SKILLS

Programming & Querying: Python (pandas, NumPy, scikit-learn), SQL, R

BI & Visualisation: Power BI, Tableau, Excel (advanced), Matplotlib/Seaborn

Data Engineering: PostgreSQL, Apache Spark (PySpark), AWS S3, ETL / data pipelines

Analytics & ML: Machine learning, statistical modelling, SPSS

Tools: GitHub, Salesforce, Word, PowerPoint

Certifications:

- **Deep Learning with Keras and Tensorflow**, IBM (Feb, 2026)
- **Power of Statistics**, Google (Mar 2025)
- **SQL for Data Science**, University of California, Davis (Jan 2025)
- **IBM Data Analyst**, IBM (Jan 2025)
- **Microsoft Power BI Data Analyst**, Microsoft (Sep 2024)
- **Excel Skills for Data Analytics and Visualization**, Macquarie University (Aug 2024)
- Single Subject Diploma in **Project Management** from the Institute of Commercial Management (ICM).

WORK EXPERIENCE

Apr 2024 – Aug 2025
Yangon, Myanmar

Assistant Business Analyst

uab bank

- Managed a high-value portfolio of over 25 large corporate clients within a department team of 45 colleagues.
- Secured financing and approval for 188 Billion MMK through successful business analysis.
- Assessed detailed credit analysis for over 5 financing cases monthly, critically evaluating financial statements and market situations to inform lending decisions.
- Developed strategies to optimize the financing portfolio and ensure alignment with the bank's risk appetite.

Sep 2023 – Mar 2024
Yangon, Myanmar

Key Account Manager, FMCG

Daraz (Alibaba Group) ☑

- Administered a portfolio of 50+ key FMCG clients, serving as the primary relationship point to drive satisfaction and business growth.
- Performed data analysis on seller performance and assortment growth metrics to provide actionable insights, directly contributing to optimized e-commerce strategies.
- Consulted Tier 1 grocery sellers on E-commerce business development strategies, based on monthly performance reviews.
- Ensured operational excellence and objective decision-making by providing impartial, data-driven insights that aligned with Category Manager objectives and through effective cross-functional collaboration with internal teams.

May 2023 – Aug 2023
Yangon, Myanmar

Marketing Intern

Advancing Business Education, Myanmar ☑

- Executed marketing plans for ABE UK's regulated products.
- Boosted client engagement and sales by initiating joint marketing activities with ABE Centers and partners.
- Managed all creative social media content and digital presence while maintaining strong stakeholder relationships.

Nov 2019 – Jan 2020
Tsing Hwa, Taiwan

Internship Trainee

National Tsing Hwa University

- Implemented specialized research on High-speed THz Imaging using Digital Light Processing (DLP).
- Engineered an automation system for the DLP LightCrafter 6500 by leveraging GUI and Python source code controlled through a USB interface.
- Pioneered the foundation for future innovative THz research, including THz ghost imaging and real-time THz 3D imaging based on compressed sensing.

Dec 2025 – Present
Dublin, Ireland

Healthcare Assistant (Part-Time)

Heritage Homecare Dublin

- Assisted patients with activities of daily living.
- Accurately documented patient observations, intake/output, and care activities in patient records.
- Worked collaboratively within a multidisciplinary team to ensure continuity and quality of care

PROJECTS

Distributed Flight-Delay Data Pipeline — *Python, Spark, AWS S3, PostgreSQL, Power BI*. End-to-end medallion pipeline over 7M+ records analysing how weather severity drives US flight delays. github.com/yawaithone/flight-delay-bigdata-pipeline 

Hospital Readmission Prediction — *Python, LightGBM, SMOTE*. Predicted 30-day readmission on the UCI diabetes dataset, tuned to catch the highest-risk patients. github.com/yawaithone/30days-hospital-readmission-prediction 

Atelier Cinema BI & CRM (group) — *Tableau, Salesforce*. Built a CRM data model and dashboards tracking customer and sales performance. github.com/yawaithone/atelier-cinema-bi-crm 

High Speed THz imaging & Digital Light Processing — Research using DLP, focusing on implementing DLP LightCrafter 6500 automation for future THz ghost imaging and real-time THz 3D imaging based on compressed sensing.

Full Portfolio 

EDUCATION

Sep 2025 – Present
Dublin, Ireland

MSc in Data Analytics

National College of Ireland

Modules - Statistics and Optimization, Analytics Programming & Data Visualization, Business Intelligence & Business Analytics, Data Governance, Ethics, and Sustainability, Data Intensive Scalable Systems - Big Data Analytics, Data Mining and Machine Learning, Deep Learning and Generative AI, Domain Applications, Research Practicum.

Dec 2014 – Oct 2024
Yangon, Myanmar

Bachelor of Engineering (Electronics)

Yangon Technological University (YTU) 

- **Result:** Achieved strong academic performance with a GPA: 4.4/5, equivalent to First Class Honours (1:1) in the Irish Education system.
- **Thesis Project & Publication:** Completed a thesis on Multisensor Data Collection for Time Sensitive Network and published the paper at The National Conference on Science and Engineering (NCSE 2024) on July 2024.
- **Duration Note:** The program duration was extended due to the COVID-19 pandemic and associated challenges in the home country.

Dec 2021 – Dec 2022
South West London,
United Kingdom

RQF Level 5 Diploma in Business Management

Advancing Business Education (ABE)

- **Result :** Passed with Merit

INTERESTS & ACHIEVEMENTS

Cultural Exchange

- Facilitated a vibrant cultural exchange between Temasek Polytechnic and YTU students, fostering cross-cultural understanding during the Temasek Foundation Exchange Programme (2017-2018).

Competition

- Collaborated in the Robotic Competition which minimizes the run speed of the robot, during the Japan-Asia Youth Exchange Program in Science (SAKURA Exchange Program in Science) at Shibaura Institute of Technology, Japan (Jan 2018).

Extracurriculum

- Member of NCI badminton club (Actively join once a week).
